

A STEP-BY-STEP GUIDE ON HOW TO ENROLL IN YUPRO PLACEMENT'S CISCO NETWORKING ACADEMY UPSKILLING PROGRAM

YUPRO Placement has partnered with Cisco Networking Academy to provide a comprehensive learning experience for individuals looking to advance their careers in networking and IT. This partnership gives you access to Cisco Networking Academy's world-class training programs, including certifications in areas like Python Essentials, Networking, and other technical courses.

STEP-BY-STEP GUIDE TO ENROLLMENT

STEP 1: RECEIVE YOUR INVITATION

- Check your email for an invitation from upskilling@yupro.com.
- The email will contain links to different Cisco courses, such as **"Python Essentials 1"** or other technical certifications.
- Click on the course you are interested in to proceed.

STEP 2: ACCESS THE COURSE HOMEPAGE

- After clicking your selected course, you will be redirected to the Cisco Networking Academy course home page.
- Review the course details and click **"Get Started"** to begin the enrollment process.

The screenshot shows the Cisco Networking Academy course page for 'Python Essentials 1 - YUPRO'. The page has a green header with 'Cisco Networking Academy' and 'Catalog Help' on the left, and 'Take a Tour' with icons on the right. The main content area has a title 'Python Essentials 1 - YUPRO' and a description: 'This course is part of the Learning Collections - Python. Learn fundamental concepts of computer programming and start building coding skills with the Python programming language.' Below this, there are tabs for 'SCHEDULE', 'ACADEMY', and 'INSTRUCTOR'. The 'SCHEDULE' tab shows 'Feb 27, 2023 - Apr 10, 2024'. The 'ACADEMY' tab shows 'YUPRO'. The 'INSTRUCTOR' tab shows 'Margaret Walup - 15'. A green 'Get Started' button is prominently displayed. To the right, there is a large image of a person jumping over a city skyline at sunset, with a large blue Python logo in the foreground. Below the image, there is a section titled 'Used by startups and tech giants like Google, Facebook, Netflix, and more, Python offers you endless possibilities for creating small and large-scale software projects. User-friendly with easy-to-read code, Python is a great first programming language to learn and requires no prior programming knowledge. Python skills open you up to careers in almost any industry and are required if you want to continue to more advanced, higher paying software development and engineering roles such as software engineer, systems administrator, and security engineer.' Below this, there are three icons: a lock icon for 'Free' (No purchase required, anytime), a clock icon for '30 Hours' (Estimated time to complete - but finish it in your time), and a person icon for '30 Labs' (Hands on activities to practice real world scenarios). At the bottom, there is a paragraph: 'In this course, you will learn in-demand skills such as how to design, develop, and improve computer programs, methods for analyzing problems using programming, programming best practices, and more. The course also prepares you for the PCEP - Certified Entry-Level Python Programmer certification (Exam PCEP-30-0x).'

STEP 3: REGISTER FOR AN ACCOUNT

- Click **"Sign Up"** when prompted.
- If you already have an account, log in using your existing Cisco Networking Academy credentials.

The screenshot shows the Cisco Networking Academy login page. It has a green header with 'Cisco Networking Academy' and 'Catalog Help' on the left, and 'Take a Tour' with icons on the right. The main content area has a title 'Welcome!' and a prompt 'Please login to your account.' Below this, there are two input fields: 'Email' and 'Password'. There is a checkbox for 'Remember me' and a link for 'Forgot Password?'. A green 'Login' button is prominently displayed. Below the button, there is a section titled 'Or continue with' with two buttons: 'Google' and 'Cisco Networking Academy'. At the bottom, there is a link: 'Don't have an account? Sign up'.

STEP 4: COMPLETE THE REGISTRATION FORM

- If creating a new account, choose to sign in with your **Google account** or manually enter your details.
- Fill out the required fields, **including your full name, email address, and password.**
- Click **"Create Account"** to proceed.

STEP 5: ACCEPT THE TERMS AND CONDITIONS

After creating your account, you will be asked to review Cisco's Terms & Conditions. Read the agreement carefully and click **"Accept"** to finalize your registration.

STEP 5: BEGIN YOUR COURSE

Once your account is set up and terms are accepted, you will be granted full access to the course materials. Navigate to your Cisco Dashboard to locate your course. Click **"Start Course"** to begin learning.

NEED ASSISTANCE?

For technical issues, enrollment concerns, or course access requests, contact upskilling@yupro.com.

When reaching out, provide:

- Full Name
- Registered Email Address
- Description of the Issue (e.g., missing invitation, login troubles, course access problems, etc.)

ADDITIONAL TIPS FOR SUCCESS

LEVERAGE CISCO NETWORKING ACADEMY'S CAREER RESOURCES

Cisco Networking Academy provides numerous resources to supplement your learning, including additional reading materials, video tutorials, and practice exams. Make sure to explore these resources to deepen your understanding and prepare for both the course exams and real-world applications.

ENGAGE IN COURSE DISCUSSIONS

Active participation in discussion forums allows you to learn from other students, share knowledge, and solve problems together. Building relationships with fellow learners not only enhances your understanding but also expands your network, which could lead to future job opportunities.

EARN YOUR CERTIFICATION AND HIGHLIGHT IT

Once you complete the course and earn your Cisco certification, make sure to add it to your resume, LinkedIn profile, and job applications. Cisco certifications are highly recognized in the tech industry and can give you an edge in a competitive job market.
